Ecological engagement

The FFTDA is now one of the signatories of the French Ministry of Sports' charter of 15 eco-responsible commitments. The Taekwondo Grand Prix is synonymous with this commitment to sustainable and responsible sport. Thus, the chosen hotels implement certain eco-responsible practices that have a positive environmental impact. The proximity between the hotels and the Palais des Sports facilitates green transport.

We are confident that sharing this commitment will strengthen environmental awareness and the development of sustainable sport practices globally.
